

## Testimonials

**Mainstreet Media, Russel, KS**

“It really works as advertised!”

**Owyhee Publishing, Homedale, ID**

“We are very fond of our QuickSet system.”

**Elizabethton Star, Elizabethton, TN**

“We are taking keepers at 300 copies.”

**Prolific Graphics, Winnipeg, MB**

“Using the QuickSet system, we’ve seen more accurate color print from our web offset units than from our high-end sheetfed presses.”

**Snohomish Publishing, WA**

“After reducing our average make-ready from 3000 to 500, we restructured our pricing and became more competitive.”

**Horizon Publications, Vancouver, BC**

“We’ve never seen a company more dedicated to the success of its customers.”

A large volume of data demonstrating waste savings of 50-85% is being generated by a wide base of users.

more than

# 50%

**Guaranteed**

Make your ink setting adjustments **before** starting the press.

**Accurate.** Additional ink settings are unnecessary at start-up. Operator can concentrate on web control and register.

**Fits your workflow.** The QUICKSET system adapts to your workflow, making workflow changes unnecessary.

**All Press Types** including:

- All presses with **LEVER** ink fountains
- All presses with **SCREW KEY** fountains
- All presses with **ELECTRONIC** fountains

**Low Cost:** At \$25K, QUICKSET is the only feasible ink pre-setting solution for your print shop (giving a **Return On Investment in under 6 months**).

Prices (US\$) listed April, 2006. Prices subject to change without notice.

QUICKSET is a computer aid for making ink setting adjustments **before** starting the press.

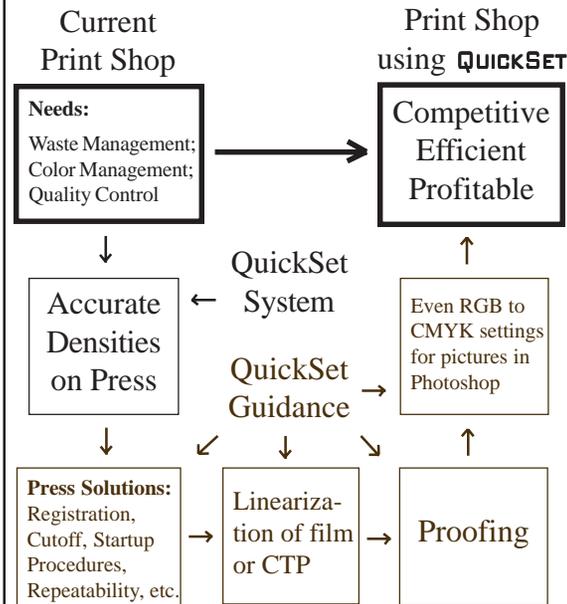

**QUICKSET is easy for all to use:**

*In pre-press:* It runs quietly in the background.

*In the press room:* A printed sheet tells the operator where to pre-set.

*In the front office:* The boss enjoys the savings.
